Third Reader - Revised

House Bill 235

(Chair, Economic Matters Committee)(By Request -
Departmental - Housing and Community Development)

Economic Matters

Education, Energy, and the Environment

**Housing and Community Development - Neighborhood Business Development
Program - Local Approval Requirement**

This departmental bill allows the Department of Housing and Community Development (DHCD) to approve an application for financial assistance under the Neighborhood Business Development Program if the political subdivision where the proposed project is located does not respond to a notice of the application from DHCD within 15 days, instead of 45 days under current law. **The bill takes effect July 1, 2026.**

Fiscal Summary

State Effect: DHCD can handle any administrative changes with existing resources. No effect on revenues.

Local Effect: The bill is not anticipated to materially affect local government operations or finances.

Small Business Effect: DHCD has determined that this bill has a meaningful impact on small business (attached). The Department of Legislative Services (DLS) disagrees with this assessment, as discussed below. (The attached assessment does not reflect amendments to the bill.)

Analysis

Current Law: The Neighborhood Business Development Program, operating publicly as Neighborhood BusinessWorks, provides grants and loans to community-based economic development activities in revitalization areas designated by local governments. In food

deserts or parts of priority funding areas or eligible opportunity zones that serve food deserts, the purpose of the program is to help create and retain small businesses and other food-related enterprises that provide fresh fruits, vegetables, and other healthy foods to residents of the food desert.

A small business, nonprofit organization, or microenterprise in a priority funding area or eligible opportunity zone may apply for financial assistance under the program. Financial assistance under the program may be provided as (1) a grant; (2) a loan; (3) a reduction in the principal obligation of or interest rate on a loan or portion of a loan; (4) a prepayment of interest on a subordinate or superior loan or portion of a loan; (5) an assurance; (6) a guarantee; (7) any other form of credit enhancement; or (8) a promissory note, as specified.

DHCD may not approve an application under the program unless the political subdivision where the proposed project is located approves the application by (1) resolution or (2) letter, delivered to DHCD by the political subdivision's authorized designee, expressing support for the plan or project. If DHCD does not receive notice of approval or denial of an application within 45 days after notice of the proposed project is given, DHCD may approve the application.

Background: DHCD advises the bill is intended to expedite the application process for program applicants. Under the current 45-day period for local governments to respond before DHCD can approve an application, DHCD advises that it generally does not receive a response from local governments. Furthermore, DHCD advises that only one local government has responded with a denial in the last 30 years.

Small Business Effect: DHCD advises that the bill has a meaningful impact on small businesses as small business applicants may receive program funding more quickly. DLS disagrees and notes that while applicants may receive funding more quickly, most applicants must still be approved by DHCD prior to receiving any program funding.

Additional Information

Recent Prior Introductions: Similar legislation has not been introduced within the last three years.

ANALYSIS OF ECONOMIC IMPACT ON SMALL BUSINESSES

TITLE OF BILL: Housing and Community Development - Neighborhood Business Development Program - Local Approval Requirement

BILL NUMBER: HB 235

PREPARED BY: Chuck Cook

PART A. ECONOMIC IMPACT RATING

This agency estimates that the proposed bill:

 WILL HAVE MINIMAL OR NO ECONOMIC IMPACT ON MARYLAND SMALL BUSINESS

OR

 X WILL HAVE MEANINGFUL ECONOMIC IMPACT ON MARYLAND SMALL BUSINESSES

PART B. ECONOMIC IMPACT ANALYSIS

This legislation will benefit small businesses who apply for grants or loans through the Neighborhood BusinessWorks by shortening the timeline by as much as 45 days. The mission of the program is to provide vital financing to small businesses cannot access workable capital through the private market and this legislation will make that mission easier to achieve.
