21 performance;

22                            (6)    the inability of businesses owned by socially or economically  
23 disadvantaged individuals to obtain long-term financing is a major limitation on their

25                            (7)    the public welfare is served by promoting the viability and expansion of  
26 businesses owned by economically or socially disadvantaged individuals, retaining or

1 (2) to encourage socially or economically disadvantaged individuals to seek  
2 government and other contracts;

3 (3) to encourage financial institutions to make loans to these individuals;  
4 and

5 (4) to assist small businesses that are unable to obtain adequate business
