Senate Bill 803
Finance

(Senator Beidle)

Alcoholic Beverages - Class 3 Wineries and Class 4 Limited Wineries - Bulk
Wine

This bill authorizes (1) a holder of a Class 3 winery license to acquire bulk wine from the holder of a Class 4 limited winery license and (2) a holder of a Class 4 limited winery license to sell and deliver bulk wine to the holder of a Class 3 winery license. **The bill takes effect July 1, 2026.**

Fiscal Summary

State Effect: The bill is not anticipated to materially affect State operations or finances.

Local Effect: The bill is not anticipated to materially affect local government operations or finances.

Small Business Effect: Meaningful.

Analysis

Current Law:

Class 3 Winery License

A Class 3 winery license holder may, among other things, (1) establish and operate a plant for fermenting and bottling wine at the location described in the license; (2) import bulk wine from a holder of a nonresident dealer's permit; and (3) sell and deliver wine to a wholesaler licensee, a holder of a permit authorized to acquire wine, and a person outside the State authorized to acquire wine. The annual license fee is determined by the Executive

Director of Alcohol, Tobacco, and Cannabis Commission (ATCC) and may not exceed \$750.

Class 4 Limited Winery License

Generally, a Class 4 license holder must (1) own or have under contract at least 20 acres of Maryland-grown agricultural products in cultivation for use in the production of wine or (2) if less than 20 acres are owned or under contract, ensure that at least 51% of the ingredients used in the annual production of wine are Maryland-grown agricultural products.

A license holder may (1) ferment and bottle wine and distill and bottle pomace brandy, as specified; (2) sell and deliver the wine and pomace brandy to a wholesaler licensee, a holder of a permit authorized to acquire wine or pomace brandy, or a person outside the State authorized to acquire wine or pomace brandy; (3) sell or serve specified types of foo; (4) distill and bottle up to 1,900 gallons of pomace brandy made from available Maryland agricultural products; (5) purchase bulk wine and pomace brandy in a specified manner; (6) import, export, and transport its product; (7) store the product of other Class 4 limited wineries in a specified manner; and (8) produce wine and pomace brandy at a warehouse for which the license holder has been issued an individual storage permit if specified conditions are met.

A Class 4 limited winery may only be located at the place stated on the license. Throughout the winemaking process, the licensee must maintain ownership of the wine or pomace brandy and ensure it returns to the location of the limited winery. The annual license fee is determined by the Executive Director of ATCC and may not exceed \$200.

Small Business Effect: Revenues for small business Class 3 winery license holders and Class 4 limited winery license holders may increase due to authorized purchases and sales under the bill.
