Current Law: GSC was established by a 1976 constitutional amendment to create a salary setting mechanism for the Governor and Lieutenant Governor. Since its inception, the commission has had seven members, including the State Treasurer, three persons appointed by the President of the Senate, and three persons appointed by the Speaker of the House of Delegates. Appointees serve a four-year term. Members of the General Assembly and officers and employees of the State or a political subdivision of the State are not eligible for appointment to the commission. The bill adopts the commission’s most recent recommendations for the Governor and Lieutenant Governor, which can be located in the [Report of the Governor’s Salary Commission](#), published in January 2026.

Beginning with the 1981 GSC, the commission has also made recommendations, per the Governor’s request, on salaries for four constitutional officers: State Treasurer, Comptroller of the Treasury, Attorney General, and Secretary of State.

The commission must submit salary recommendations for the Governor and Lieutenant Governor to the General Assembly within 10 calendar days after the beginning of the last regular General Assembly session in a four-year term of office.

The Maryland Constitution allows the resolution to be amended to decrease, but not increase, the salaries recommended by GSC. However, the salaries may not be decreased below their January 2026 levels. If the General Assembly fails to adopt the joint resolution within 50 calendar days after its introduction, the salaries recommended by GSC take effect.

State Expenditures: The estimate accounts for the new salary schedule going into effect on January 20, 2027, and assumes the calendar 2031 salaries for both the Governor and Lieutenant Governor are the same as those for calendar 2030.
